

Accessing government benefits can be difficult. Help us make it easier!

- Do you live in Toronto?
- Are you over the age of 18?
- Do you sometimes struggle to keep up with your finances?

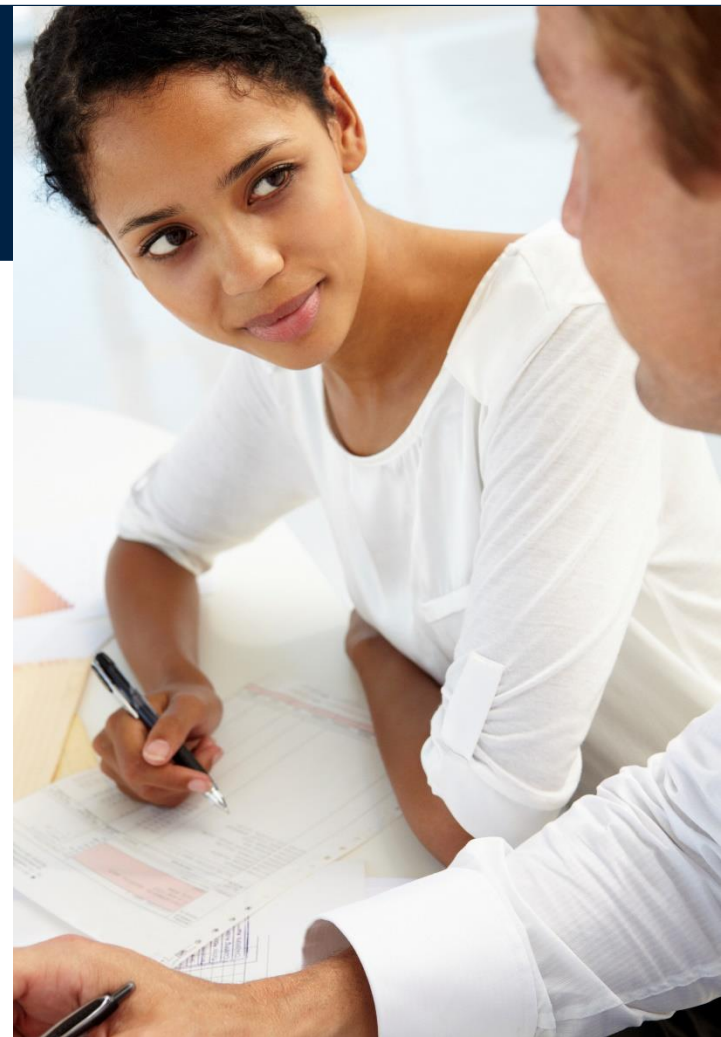

If you answered yes to the questions above [sign up to participate](#) in our study to help us make it easier for people to access government benefits.

We'd like to ask you about your experience with accessing government benefits (like Ontario Works, Ontario Disability Savings Program, or others), even if you have never applied for or received them.

Participate in two one-hour in-person interviews at a convenient Toronto location.

Participants will receive up to \$100.
